C. Should the Contractor's employees or agents destroy or damage metal or plastic recycling containers belonging to the Residents of Weehawken, or containers belonging to the Township of Weehawken as a result of rough handling, the Contractor agrees to replace the receptacles with those approved by the Township.

D. The Contract Administrator or his designee shall make the final determination in all such complaints.

5.12 SOLICITATION OF GRATUITIES

The Contractor shall ensure that no agent or employee shall solicit or receive gratuities of any kind for any of the work or services provided in connection with the contract. The Contractor shall be subject to the Liquidated Damage Claim clause herein contained for breach hereof.

5.13 INVOICES, PAYMENT PROCEDURES & LIQUIDATED DAMAGES

The Contractor shall submit all invoices for recycling collection and marketing service, in accordance with the requirements of this section. As indicated herein, the Township is soliciting an all included bid pricing structure for the collection, processing and marketing of designated recyclable materials. The Contractor's price is to reflect the net costs to the Township. Accordingly, the Contractor's price is a flat rate price for the service being provided and shall reflect the net benefit to the Township of any market value associated with the designated recyclable materials collected.

General Requirements:

a. Within 30 days after the end of each calendar month during the term of the contract during which the Contractor provided services as provided in these Bid Specifications, the Contractor will submit an invoice to the Township of Weehawken for the preceding calendar month (the "Billing Month").

b. The Township of Weehawken shall pay all invoices within 30 days of receipt. The Township of Weehawken will not be obligated to pay a defective invoice until the Contractor cures the defect. The Township of Weehawken shall have 30 days from the date of receipt of the corrected invoice to make payment.

c. Invoices shall specify at a minimum:

1. The amount of the invoice;
2. The specific type of the recyclable material as appropriate;
3. The truck license plate number and truck number;
4. The total quantity and weight of the recyclable material as appropriate;
5. Copies of all weight tickets and receipts;
6. The date of each load of material recycled as appropriate.

B. LIQUIDATED DAMAGES The parties acknowledge that in the event of a default in performance by the Contractor, it is foreseeable that the Township will suffer damages for which it is entitled to be compensated. Certain of these damages may be reasonably ascertained. Others shall consist of intangible losses which are difficult to accurately calculate and assess, including, but not limited to, revenue losses and general and administrative costs. For these intangible losses, in the event the Contractor fails to satisfactorily comply with all of the terms and conditions of these bid specifications, the Contractor shall be liable for, and the Township may deduct from any amount then due

to the Contractor, the below listed sums as Liquidated Damages.

The provisions herein contained for liquidated and agreed upon damages, or agreed upon minimum damages, as the case may be, are a bona fide provision for such and are not a penalty. These provisions have been incorporated as a provision beneficial to both parties, as a valid estimate of the damages, or minimum damages, as the case may be, which will otherwise flow on account of any such default by the Contractor. The Contractor agrees that, if awarded this Contract, it will not file any action against the Township seeking the return of any portion of the liquidated damages amount pursuant to the Contract or seeking any reduction in the amount of liquidated and agreed upon damages.

1. If the Contractor does not clean up spillage within one half hour (1/2) of being notified, the work may be performed by Township employees, or a designated Contractor. In such event, the amount of damages shall be the actual and total contract cost, if an outside Contractor must be employed. If Township employees perform the cleanup, damages shall be due from the Contractor in the amount of the actual cost of the municipal labor and equipment used. The parties agree that the minimum cost to reassign Township employees to such cleanup duties is one hundred dollars (\$100.00)
2. In the event that the Contractor should commingle solid waste with recyclable material, in any load, the Contractor shall be assessed Damages equal to the cost of the tonnage of material outside the scope of these specifications, plus the actual cost of all necessary inspections. Each truckload shall be a separate event. The parties agree that the minimum damage assessed for each infraction of this provision is two thousand dollars (\$2000.00)
3. For each verified failure on the part of the Contractor to collect recycling in accordance with these specifications, the Contractor agrees to pay liquidated damages in the amount of \$200.00. Each day and each location shall be considered a separate event for the purpose of this provision.
4. If the Contractor fails to make such collections after twenty four (24) hours notice of each complaint by telephone, by fax, by letter or in person, the Contractor shall pay an additional one hundred dollars (\$100.00) in liquidated damages for each twenty four (24) hours during which said failure should occur. Each day and each residence shall be considered a separate event for the purposed of this provision.
5. In the event that the Contractor(s) should fail to make any collections after twenty-four- (24) hours notice of each complaint by telephone, by fax, by letter or in person, the Contractor(s) shall pay an additional one hundred dollars (\$100.00) in liquidated damages for each twenty four (24) hours during which the said failure shall occur. Each residential, commercial, industrial or

institutional unit shall be considered a separate instance for the purposes of this provision.

6. For failure to properly return containers to the curb, one hundred dollars (\$100.00) shall be assessed for each such failure.
7. Any failure by the Contractor to arrange for the Marketing of materials as specified herein may result in the assessment of liquidated damages in an amount equal to five thousand dollars (\$5,000.00) per day plus any and all costs incurred by Township for the alternate marketing of said materials.
8. For failure of the Contractor to submit recycling tonnage reports as required within this RFP, liquidated damages in an amount equal to two hundred dollars (\$200.00) per day that such non-compliance remains in effect.
9. For failure of the contractor to provide sufficient equipment or staffing as outlined within this RFP, liquidated damages in an amount equal to five hundred dollars (\$500.00) per day that such non-compliance remains in effect.
10. For failure to maintain telephone service properly as provided in the bid specifications, twenty-five dollars (\$25.00) for each hour of such failure shall be assessed.
11. For using vehicles and equipment which are not in conformance with these specifications or with appropriate safety regulations, and which the Contractor(s) has failed to repair or properly maintain for a period of forty-eight (48) hours after receipt of written notice from the Township of a directive to repair or replace as required for the purpose of providing safe and sanitary collection service, the sum of two hundred dollars (\$200.00) per day for each vehicle or piece of equipment shall be assessed.
12. For Contractor(s) personnel soliciting gratuities from residents, a sum of two hundred dollars (\$200.00) for each incident.

In the event that the Contractor(s) has defaulted, then the Township may, without prejudice, and in addition to the above remedy, terminate this Contract.

5.14 COMPETENCE OF EMPLOYEES

The Contractor's employees must be competent in their work, and if any person shall appear incompetent or disorderly, the Township of Weehawken shall notify the Contractor and specify how the employee is incompetent or disorderly and the Contractor shall take steps to correct and remedy the situation, including disciplinary action if necessary.
