Weehawken Good News Notice!

In the time of the coronavirus pandemic, we thought it would be good to bring you up to date on the positive events around town. Every Tuesday, the notice will be updated, events permitting.

- On Monday, June 14, Weehawken High School hosted their 2020-2021 Academic Awards Ceremony & National Honor Society Induction. This ceremony marks the first significant gathering in our school's system in 15 Months indoors. We commend all the award recipients. In particular, we congratulate Misha Nair, Class of 2021 Valedictorian, who will attend Harvard University this fall. We also congratulate Angelica Sanchez, Class of 2021 Salutatorian, who will attend Yale University this fall.

- The Weehawken Police Department, in conjunction with the Weehawken School District, hosted two DARE Graduations this year. One for Last year's graduates (current & 7th graders) due to the coronavirus's limitations last year. This year's 6th Grade DARE class received their awards and a class barbecue of hot dogs and hamburgers cooked by our very own Weehawken Police Department. In addition, the 7th Graders had a pizza party and received their awards for their previous years' accomplishments.
