

The Weehawken Historical Commission was established in 1997 to preserve, protect, and promote the rich history of our town. Our township has a long and interesting history, well beyond its location of the Hamilton-Burr duel and the Lincoln Tunnel. The Commission has been documenting and collecting Weehawken related memorabilia and making it available for residents to view on our website, www.weehawkenhistory.org and to discuss through our  Weehawken Time Machine Facebook Page.

The Commission is also seeking donations of Weehawken memorabilia of historical significance. Those who wish to donate items or who would be willing to allow us to photograph and/or scan their objects for the online collection should send us a message through Facebook.

We are pleased to announce the debut of “The Weehawken Water Tower”, a beautifully detailed laser cut, wooden ornament. This first annual offering begins a tradition which will continue with a new design each year. We will have a limited number available for purchase. If you are local, you can pick up your ornament or they can be shipped for a small fee. **To place an order or for additional information, email weehawkenhistory@gmail.com.**

The Weehawken Water Tower

Weehawken’s iconic landmark, the Weehawken Water Tower, which opened in 1883, along with a reservoir, was built by the Hackensack Water Company. It may be seen from many parts of town, rising majestically from Park Avenue and 41st Street and is listed on the National Register of Historic Places.

\$12.00

The Weehawken Water Tower

Proceeds to benefit the preservation of Weehawken’s history.
